Show biz? Ad biz?
Aerospace?
A CPA can be
in all of them.

You don't have to play Hamlet to be in show business. Or write hot copy to be in the ad business. Or design moon rockets to be in aerospace.

The CPA has become a key man in virtually every type of enterprise.

Why? Because financial and business affairs require keen minds to come up with new concepts in fact-gathering, problem-solving and communicating economic information.

We've prepared a special booklet that tells the whole CPA story. We'll be glad to send it to you. Drop a card or note (mentioning the name of your school) to: Dept. 14, AICPA, 666 Fifth Avenue, New York, N.Y. 10019.
